

Hutch Kit

This kit is built in 3 sections. 1st is the hutch, then the stand followed by the run. If you have any questions or issues, please do not hesitate to reach out.

You will need a staple gun, drill/screwdriver to assemble.

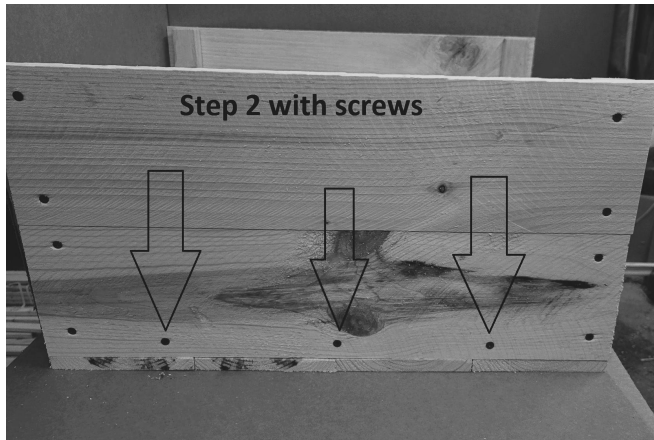

HUTCH ASSEMBLY

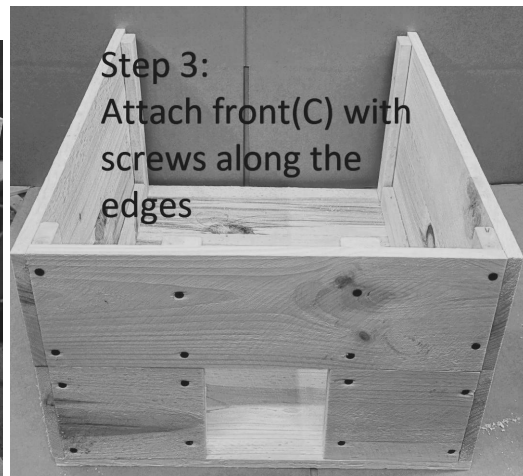

Step 1:
Lay floor(A) down
on your work
surface

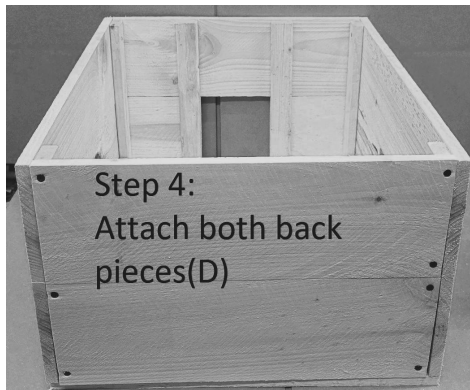

Step 2:
Attach the sides(B) so
they are flush with the
edges with 3 screws
across the bottom

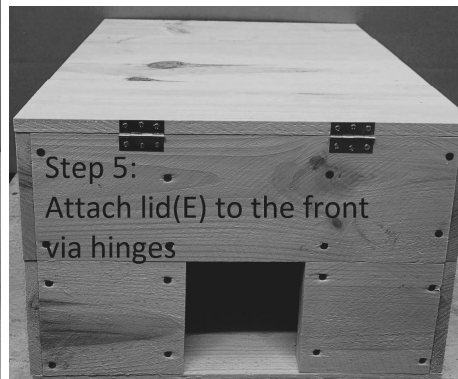

Step 2 with screws

Step 3:
Attach front(C) with
screws along the
edges

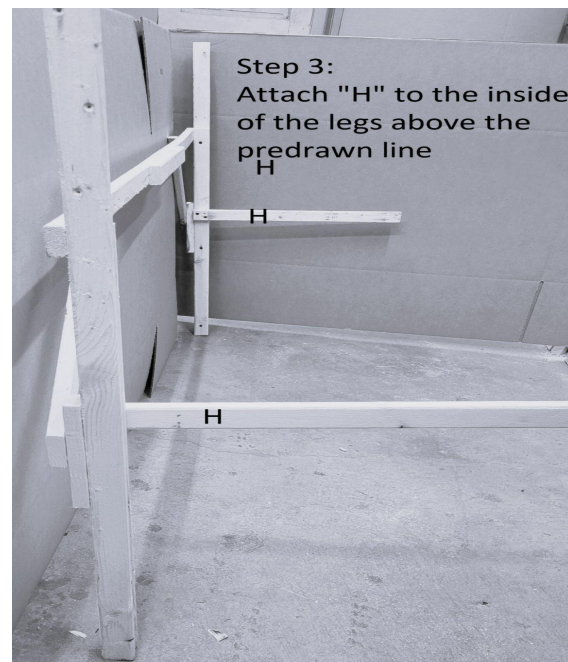

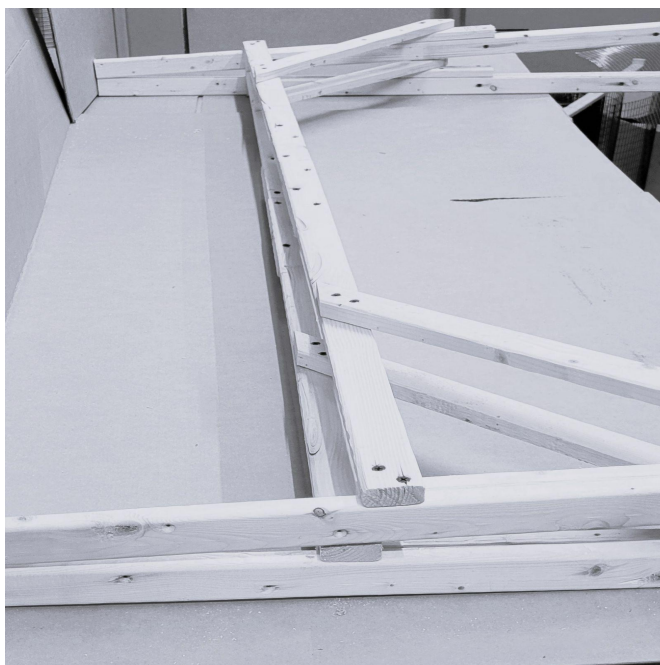

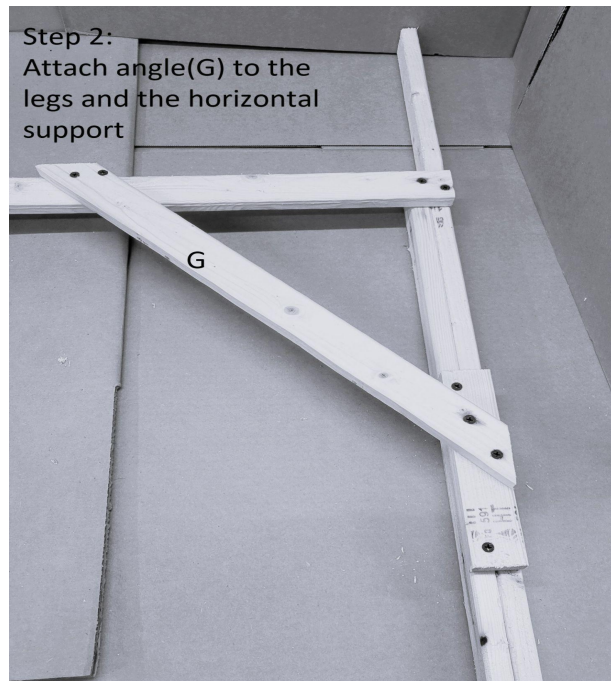

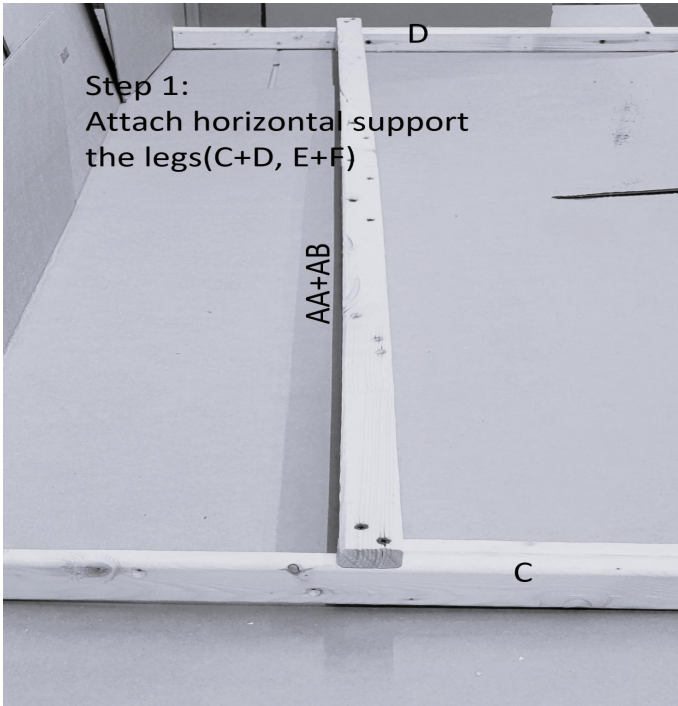

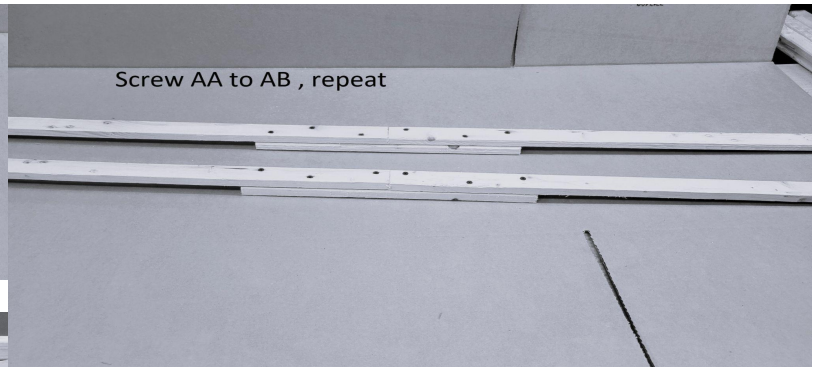

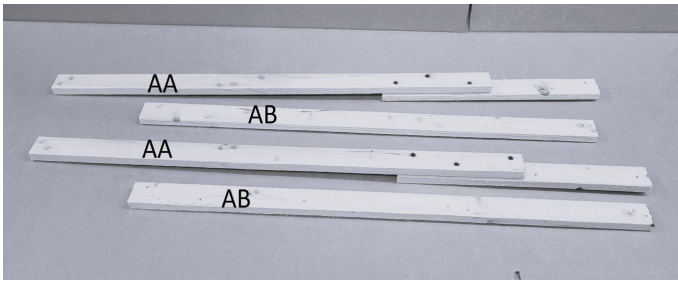

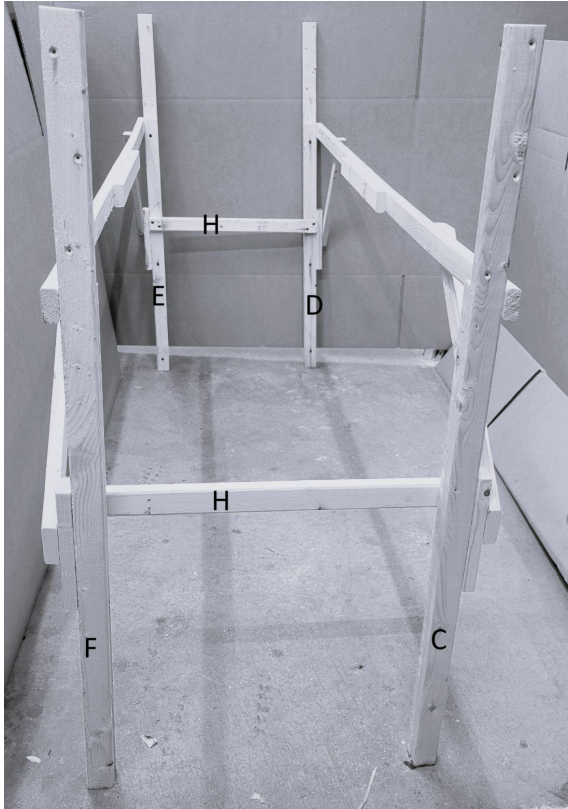

Step 4:
Attach both back
pieces(D)

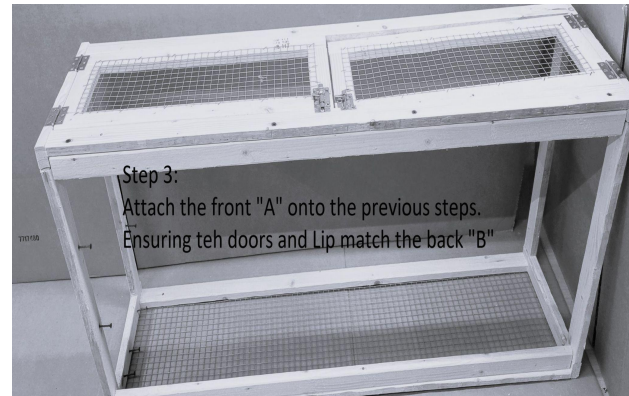

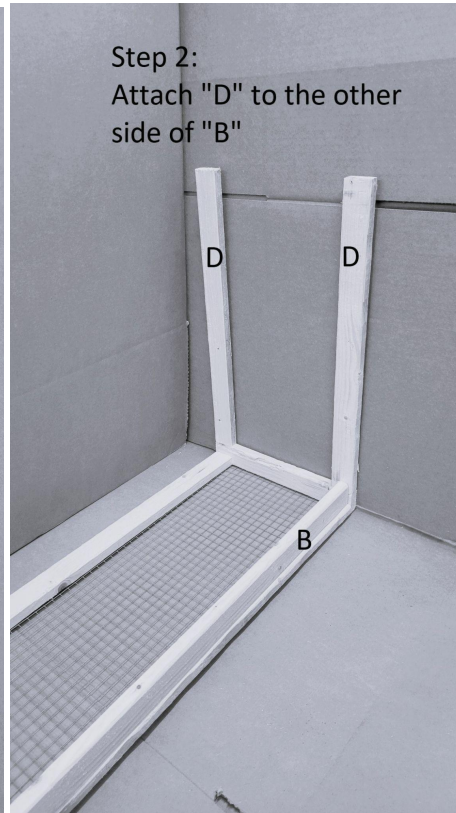

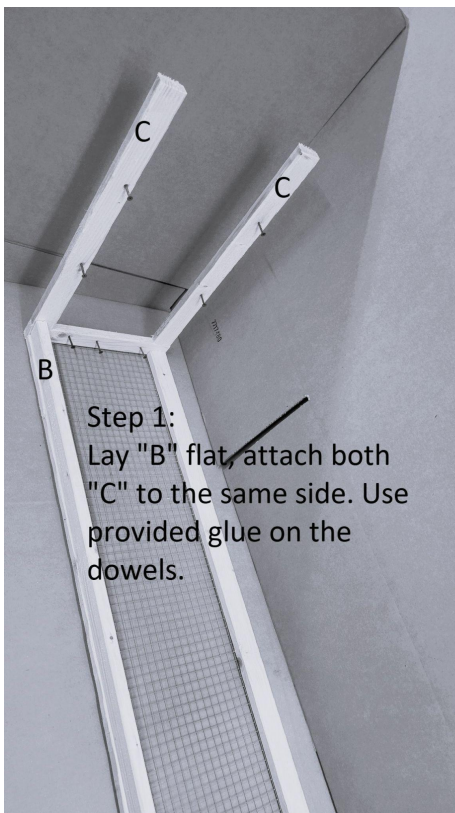

Step 5:
Attach lid(E) to the front
via hinges

Stand assembly

Run Assembly
